

December 5, 1955

Dear Nelson:

Thanks very much for continuing to send me public opinion reports on international issues. The Special Projects Staff finds them to be interesting collateral information in addition to what intelligence is available in such fields.

There are a number of bits and pieces of intelligence and general information on global matters that I should very much like to talk over with you at your convenience. I fully understand how busy you are these days, but may I suggest a luncheon engagement at your convenience?

Sincerely,

H. S. Craig  
Chief, Special Projects Staff

The Honorable  
Nelson A. Rockefeller,  
Special Assistant to the President
